Age Group Definition: Every age group operates to the same rules and follows the calendar year. The minimum age we allow a player to register is one who is turning 5 in the 2022 calendar year. We encourage all players to play within their age group, however the club is open to players playing out of their age group as per the below guidelines:

- Approval of a player playing up an age group is at the discretion of the club
- Requests to play up an age group must be at registration time and reported to the Age Co-ordinator
- Players can only play up one (1) age group. Any request to play up 2 age groups require MWFA approval
- New Players (without prior playing experience) are encouraged to play in their correct age group
- U10/W10+ players are graded. Consent for an underage player playing in the U10 /W10 age group (or older) will be subject to the player's ability and experience as assessed during the club's grading process

Working with Children Check (WWCC) All Managers and Coaches who register with the club in 2022 must obtain a WWCC number and expiry date. This should be provided during registration. This is a mandatory Football NSW requirement. Please refer to the Service NSW website for more information and how to apply.

U6 Players will form teams of 10 to a maximum of 12 and play an introductory form of football involving 8 players each game (4v4 players, no goal keepers). Team forming is an important exercise, so we encourage as many parents & children to attend the social team forming. You are encouraged to start forming a team as soon as possible if you know friends your child wishes to play with. This must include parent volunteers to Coach, Manager & Referee.

U7 Players will continue to play 4v4 in the same format as U6 with player numbers as per last season (10-12 per team). The majority of this age group is a continuation of an U6 team from the previous year.

U8/W8 Players will play a modified version of football. They play 7v7 on a 50m x 30m field with proper goalposts and a goalkeeper. We will be forming teams of 9 (preferred) to a maximum of 10. In many cases there is a continuation of U7 teams from the previous season, while new for W8.

U9/W9 Players will continue to play 7v7 games on a 50m x 30m field with proper goalposts and a goalkeeper. We will be forming teams of 9 (preferred) to a maximum of 10. There is NO Grading in U9.

U10/11 and W10/11 Players Both age groups play 9v9 on an approximately 70m x 50m field. U11 may sometimes play 'box to box' on a full size field. We will be forming teams of 11 or 12 players. Every player must grade, and teams can be formed with friends if desired. The individual grading results allow us to appropriately place the team in the competition. For grading, please be on time because we will be adhering to a strict schedule. All players must grade at the published date/time with their age group.

NOTE: New players (non-graded) will be placed with friends, school players or both where-ever possible.
